

Part number (<i>Non-sterile</i>):	SCT-200SS-color , where color = C (clear), B (blue), G (green), R (red), W (white), Y (yellow)
Part number (<i>Sterile</i>):	SCT-200SS-C-S
Description:	Screw Cap Tube. 2.0 mL. Self-standing with O-rings.
Component materials:	Polypropylene

The products listed are manufactured in accordance with established manufacturing guidelines and product specifications:

Component materials: Medical-grade polypropylene

Sterilization: Sterile products are pre-sterilized and dosimetrically released based on *Sterilization of healthcare products-Requirements for validation and routine control-Radiation sterilization*, in accordance with the below guidelines and Standards:

- ANSI/AAMI/ISO 11137
- Sterility assurance level: SAL 10^{-6}

Endotoxin (Pyrogen) Testing: The product is tested to be free of Endotoxins/Pyrogens using the LAL method.

RNase/DNase Testing: This product is tested and is free of any detectable RNase/DNase contamination.

Bovine Spongiform Encephalopathy (BSE) and Transmissible Spongiform Encephalopathy (TSE): None of these products or raw materials are manufactured from or come into contact with animal material.

Quality Control: This product is sampled and tested in accordance with Standard Operating Procedures and is reviewed by Quality Assurance to ensure compliance with all technical specifications.
